Scope. This companion bibliography reproduces the reference list from the final research paper. Reference numbering is retained so that entries correspond to the in-text citations in that paper. The separate technical link list provides convenient access to the web resources that have explicit URLs in the paper.

Source limitation. The research paper lists the Ministry of Jal Shakti / Press Information Bureau groundwater item as a bibliographic citation but does not provide a direct URL in its reference entry. No URL has been invented here. Consult the original paper or the official Ministry / PIB publication record when a direct link is required.
